

Clay County Emergency Management Local Emergency Planning Committee (LEPC) Expression of Interest Form

Responsibilities of LEPC members include but are not limited to:

- Attending a quarterly meeting
- To identify the facilities and transportation routes where hazardous materials are present
- To establish emergency response procedures, including evacuation plans, for dealing with accidental chemical releases
- To designate a community coordinator and facility coordinators to carry out the plan
- To set up notification procedures for those who will respond to a hazmat incident
- To establish methods for determining the occurrence and severity of a release and the areas and populations likely to be affected
- To identify the emergency equipment available in the community, including equipment at each facility
- To establish ways to notify the public of a release
- To train local emergency response and medical workers to respond to chemical emergencies
- To establish methods and schedules for conducting exercises to test elements of the plan
